

QADIMS LUMIERE

Montessori to Matric O & A Level
School & College

Dear Parents,

Class 2 and 3

Summer break arrives with celebration and relief for students after a rigorous School year. It is a time when a child is offered with a chance to refresh his mind and body. Our children worked very hard throughout the term to meet the objectives and standards. We are confident they are good listeners, readers, writers and speakers.

It is true that doing too much during the break, defeats the whole purpose of vacation but a little and interesting summer break homework is always the best for the student's growth.

Encourage them to get enough of sleep and have a healthy discussion.

Summer break provides ample time for physical activities.

We would like to share a few suggestions to make your child's holidays more rewarding.

❖ **Sports:** Beat the heat with sports in the summer holidays.

Sports activities and games for children are a great way for them to require all around abilities that help them through their lives. They can go for swimming, can play basketball, can do skipping and many other sports activities.

❖ **Advantages of Sports.**

Such physical exercises will engage children to counteract the negative impacts of technology which has infiltrated their lives with terrible repercussions.

❖ **Reading**

Students during the break become casual with their English Language. To encounter this reading on daily basis will be ideal. This will ensure a relative degree of association with spoken language.

❖ **Listen to your children,:** Answer their questions. Have healthy discussion on different topics.

Wishing you all the best and an enjoyable summer break

Looking forward to welcoming you back safe and sound after summer break.

Dear Students;

At last, much awaited summer vacation has begun. It is a time for relaxation and enjoyment and important to rest and enjoy necessary as well to continue to learn. There must be a balance between work and play, so, allow yourself to grow and learn in the process. Let vacations time be a doorway to creativity, learning, growth and joy.

In this summer break you will have interesting homework. You will surely enjoy all the learning activities. Therefore, relax, have lots of fun and come back refreshed.

Instructions

- ❖ The homework is divided into two portions
- **Learning based**
- **Activity based**
- ❖ All assignments have been carefully planned in such a way that you continue the learning process.
- ❖ Teachers have explained the homework in the classes.
- ❖ All the creative work should be your own effort.
- ❖ The syllabus covered so far during the first half of the term should be revised thoroughly because it will be included in the **1st Term Examination**.
- ❖ Read different interesting books to improve your reading skills and vocabulary.
- Long Test (4-5) Papers (6-9)**
- Learn, write and revise all the work done so far to prepare yourself for the exams in October.

➤ **Competitions:**

Prepare yourself for the following competitions after the summer Break;

- ✓ **Pakistan Quiz Competition (Based on Social Studies topics)**
- ✓ **Creative Writing Competition**
- ✓ **Handwriting Competition**
- ✓ **English/Urdu Reading Competition**
- ✓ **Spell Check Competition (Oral/Written)**
- ✓ **Spoken English Test (Based on the syllabus shared in class groups)**
